Subject: QuickLogic Product Discontinuation Notification

Tracking Number: PCN / EOL – 140403
CSSP-GWUN99

Dear Valued Customer,

The intent of this letter is to inform you of QuickLogic's difficult decision to discontinue the manufacture of the products listed below. This is due to our Wafer Fab vendor announcing an end-of-life of the products listed. The following base part number is affected by this announcement:

CSSP-GWUN99

We understand the difficulty this discontinuation can present, and QuickLogic is making all reasonable attempts to secure outstanding materials to serve our customer's needs. The following is the timetable of our discontinuation:

Last date to place orders: May 30th, 2014

Last date for shipping orders: December 23rd, 2014

We ask that every effort be made to place last-time buy orders in a timely manner, as product may have limited availability. Orders will be supported on a "first-come, first-serve" basis. While placing orders is not a guarantee of delivery, priority will be given to the earliest-received orders. QuickLogic reserves the right to refuse orders if supply constraints prevent us from fulfilling the orders, and all orders must be placed as "NCNR" (non-cancelable, non-returnable).

QuickLogic also reserves the right to increase pricing on new orders as lower overall production volumes lead to increased costs. Orders placed earlier will receive the most favorable pricing.

Unfortunately, there are no pin compatible replacement devices.

Thank you for your attention to this matter. No response to this notification is required. Please do not hesitate to contact your QuickLogic representative or distributor, if you have any questions. Your continued interest in QuickLogic is greatly appreciated.

Sincerely,

QuickLogic Corporation
1277 Orleans Drive,
Sunnyvale, CA 94089
